The Premises:

Sensations is sensations - convenient safe parking. A little faded round the edges but fit for purpose.

The Lady:

I would guess at early thirties, long dark hair and a nice smile. Trim body - not blessed in the boob department, but then thats never been my thing.

The Story:

Was described as being a new girl, actually she has returned to work and boy does she know what she is doing. She delivered an extremely pleasant massage before we got to the main matter in hand. She is obviously someone who enjoys their work and without going into detail suffice to say a mutually very satisfactory time was had by all.
