The Premises:

Nice ground floor flat off the street, entrance was in a side alley so very discrete.

The Lady:

Pamela is in her 30s (she told me her age but I am a Gentleman!), she had large breasts, long(ish) blonde hair and nice body. I am afraid I am a small, petite fan but I fancied a change so I cannot complain. (I think she does advertise as a younger age so take note!)

The Story:

Pamela was one of those very friendly, very chatty, and easy to get on with girls. Only problem I then find is that the sex becomes very functional and business-like - this was the case here. We talked for a while, then nice back massage with talc. She then turned me over and went to work, hands were fantastic and those nails on my penis (mmmm), on with condom and a very professional BJ. I think she sensed I was on the point, so jumped on top, feet well up by my side for a very good bonk. I usually have to "assist" to finish but she Pamela worked me very well to a nice tight finish.... Don't know why I am complaining, guess not my usual type, but also too "professional" - only time she stopped small talk was during BJ...

For this area of the country nice to find a professional (even if she does come from the NE!) but I think I like it when they retain a bit of amateur!
