The Story:

Ok I am hopeless at writing these hence I have only done a few but I promised Tammy I would so here goes.

Booking Tammy was a simple process she was friendly and helpful on the phone so no problems there, On the night she turned up on time looking very sexy in a nice short skirt + stockings with a simple top that showed off a bit of cleavage, and greeted me with a nice full on kiss (great start) We chatted for a few minutes about random stuff as you do when she decided we should take a shower together, something I have never gotten to do during a punt and I found it a major turn on, was good fun getting all soapy together whilst being teased at the same time, a few funny moments followed as the temp control on the shower was crap but it added to the fun.

Wont go into details (except to say that she does do the whole GFE very well) and the two hours flew by, Tammy is not afraid to speak her mind both in bed and out whilst being very animated and energetic, she is good fun and it made for a refreshing punt without any falseness that you can find when speaking to or sleeping with an escort, and that's the way I like it.

If only I could afford to do this more than once a month!
