The Premises:

A house in the centre of Braintree, on a busy road opposite the bus park. The house looks a little run down and unkept from the outside. The inside is nice and clean, the room light and clean.

The Lady:

Jas is a short (about 5') Indian woman in her thirties, a larger lady, not quite a BBW, but almost. Not the best looking girl I've ever visited, but pretty in her own way. A gorgeous pair of breasts, 36F, and as reported in previous reports, light skinned. I thought she might be half Indian, but she later assured me that was indeed Indian. British born so language was no barrier.

The Story:

Jas made me feel very comfortable and at ease instantly. She started with a few questions. This lady really likes to know what you want. Asked things like do you want a massage, kissing, cuddling, anal etc. At least she couldn't say I never told her what I wanted!

We undressed each other, lots of kissing, couldn't wait to get my hands on her breasts, which are amazing. Lots of breast play which she seemed to enjoy, moaning and groaning. I dropped my hand between her legs and she was soaking wet. So it was only polite to have a taste. She came, and I don't think she was faking, her whole body shuddered.

She then returned the favour, and wow, the woman knows how to give head. Loads of licking around the balls as well, and she slipped my cock between her tits for a quick tit wank as well, before returning to some more oral. I could have stayed there all day, she just kept me on the edge for ages until I pulled her up before I blew my load.

On with a condom, and I went on top, good old missionary. She is quite flexible for a larger girl, and I had her legs on my shoulders bending them to her shoulders. I came quite quick as she is tight.

Still had a bit of time left so had a kiss and a cuddle and a chat. She is friendly, bubbly girl and seems to genuinely like what she does. She gave me a great massage to finish. I'm sure she would have been up for a second round, but I couldn't manage it. Overall I had a great time.

I will be back and might try the anal. I would recommend her to anyone who loves big breasts.
