The Premises:

First floor flat in interesting bay fronted stuccoed terrace. Reasonably clean.

The Lady:

Sensational. Everything an oriental babe should be. Welcoming, kind and friendly. Very giggly. Petite with slender arms, waist and legs. Not an ounce of silly cone about her. Totally natural.

The Story:

I've had one or two disappointing Thai punts of late mainly because of the lady's lack of ability to communicate in English. I'm sorry to say that Jodie was no exception. She gave me a nice assisted shower followed by an oil massage. She sucked my cock then climbed on board to ride me to completion.

But I do like a little intercourse besides the sexual sort. She's been in London for a good while now and it leaves me with a bad feeling knowing that she has only basic language skills despite 'enrolling' at college. She seems a lonely soul not meeting up with other girls when she's off-duty but I did gather there were pressure from back home to stay here to keep the money rolling in.

Another thing is the agency claims that she does 'A' levels. Some Neanderthals have actually forced their selves on her because of this. She is so tiny that it's tantamount to GBH. If you visit Jodie please do not even think of asking.

Make no mistake, I could admire her beauty for an eternity but that is not the reason I go to a working girl. So I'm sorry Jodie I have to say 'No' for a repeat visit but that's not to say I don't want to see you again.
