The Premises:

First floor maisonette on main road. Entrances to two other maisonettes very close. Very shabby exterior. Up the stairs and straight to the bedroom which was small with just room for a low double bed but clean.

The Lady:

Young Polish girl. Tall, slim and with two nice handfulls of rather firm tittie. Blonde on top, shaven down below but with a slight stubble just starting to appear. Attractive and with a nice, but put on smile.

The Story:

Paula was pleasant, but was obviously in the job for the money rather than for the experience. Very good value with sex in three positions. Lot's of no go areas, no kissing, no finger(s) inside, not even light smacking of her bottom in doggie and definitely no anal. OWO would have been ?80 which I declined. The other, slightly older and bustier girl might have been more fun. I might return to this flat because it is good VFM but probably not to see Paula again.
