The Premises:

very clean, some of the shower heads need sorting out. It was also quite strange to have a work man on site whilst I was walking around in my robe.

The Lady:

very nice lady, slim and quite attractive.

The Story:

She said she does not work on Wednesday but was filling in. From the start I was bored, she seemed nervous and keen to keep me in the room for the full 30 minutes, which was odd as the ladies usually want you out ASAP. Then, we had to do this strange thing of telling the receptionist that I was happy and wanted ready to leave before my 30 minutes were up. This was not quite the truth, I was bored and wanted out quickly.

I knew I made the wrong choice the second she walked into the room, this was not worth the time taken to drive to Lutterworth.

What really made me mad was when I was told to clean the floor in the room, yes she gave me the tissues and said 'clean the floor'. Despite being a regular I might not visit again for awhile
