The Story:

Have not visited this place for some time now. Saw Chelsea on their website and thought why not. Started with some caressing by both parties which I enjoyed, then on to the bed for some real action of some OW, with lots of eye contact. I really liked groping her breast which had nice big firm nipples. Then on with 69 for about 5 minutes. She claimed that she had cum but I wasn?t really convinced. Then more OW , followed by her on top which was rather enjoyable , then switched to missionary position then doggy with her caressing my balls which made me cum quite strongly. Only minus points was no kissing or fingering allowed. This was a very enjoyable punt from a friendly chatty girl. Highly recommend.
