The Premises:

A divine place located close to city centre. Brand new modern apartment kept in immaculate condition with secure parking.

The Lady:

A very attractive and stunning looking lady with voluptuous figure. Not too thin or too big (apart from her breasts) but just right.

The Story:

Well, what can I say about Charlotte which has not been said before. I have seen her a few times in the past but due to work commitments and her schedule we were unable to meet up for a such a long time until now. The appointment started pretty badly mainly due to the combination of my out of date SatNav device not recognising her postcode being such a new build complex and being caught in rush hour traffic. After been giving expert directions I finally arrived 30 minutes late and seeing her open the door was a sight to be remembered. She greeted me like a person who had just returned from military duties for 2 years, a big kiss on the mouth followed by a big bear hug.

After we sorted the financial obligations out, we then retire to bedroom where things were about to heat up. She quickly demanded that clothes were to be removed and headed straight below. She began to give me head without which was the best I ever experienced. Her tongue action just hits the right spot making you want more or stop for fear that you may cum to early. There is no messing with this lady, no massage just straight into action, may be because she and I felt really at ease with one another so there wasn't any awkwardness like you get when you meet a new escort. We had sex in several positions ranging from missionary to cowgirl. I must have made her climax at least ten times but I stopped counting because we had enjoyed the experienced so much we had the biggest grin on our faces by the end of session.

Charlotte is a real woman to be treasured, fun, polite, attractive and very sexy. She has wicked side which is to be pleased. I just wish I could afford her fees because I know I will be around virtually 24/7. Overall my best experience ever, such a shame that we have to depart at the end of session! See you soon Dave!

PS: see I told you I write a report on you.
