The Story:

have been to this establishment twice before (see previous report). first time was great, second time was so-so and this one ...

deciding whether to go to jemmas or this one i chose this one as i have previously been and both times the maids have been friendly and the girls great.

phoned up and the maid sounded quite rude but as it was late in the afternoon i assumed she was just tired/busy. asked who was working it was kelly and another swedish girl whose name i have forgotten.

went to the parlour around 5.30, luckily no one was around apart from 3 ladies on the side street but they were gone once i was climbing up the stairs. maid let me in and told me there was one girl available (kelly). introduced to kelly and then sorted out fees. paid ?80 for a 45 min cum twice service.

once in the room one of the lights werent working so switched on the other and the bed lamp as well. started off with a bit of owo but she was concentrating only on the head which wasnt to my liking but i didnt complain, came in her mouth which she then discretely spat out. didnt speak much throughout the punt and it all seemed very mechanical (some might say thats what you get in a parlour but this is the first time ive experienced that). had a massage then on with the rubber for round 2, the noise coming from the other room made me think i should have waited for the swedish girl to become available as whatever they were doing in there they were obviously having a better

time than i was.

i'll probably start going for the basic 15/20 min service from now on when visiting a new girl (and i recommend that to others) as i felt i wasted some money in the sense that everything felt TOO mechanical and boring. only consolation was that we somehow ended up breaking the bed during intercourse.. (i'm not even that big!)

i would visit this parlour again but not to see kelly. someone else may have better luck tho.
