### The Premises:

Meet at my hotel. Hotel chosen because the car parking is fairly good. Hotel is officially a 3 star but I like it.

### The Lady:

Wow - information on website is accurate. Pictures are a true likeness but did not prepare me for Emma's true beauty.

### The Story:

I don't do many reviews these days. I save them for only the best of the best dates.

I am not quite sure where to start about my date with Emma. I am lost for words and this is probably draft number 10!!!!

Emma arrived spot on time and met me just outside the front doors of the hotel. I remember thinking to myself that she was stunning beyond anyone I had ever met before. She was wearing what can only be described as the ultimate Little Black Dress. There was a very crisp frost in the air and Emma had parked at the bottom of the car park??by the time she arrived at the front doors she was freezing.

We went into the bar first and had a few drinks. Its not often (if fact probably never) have I ever had a dinner date before, not sure why I chose this option, it just seemed right at the time.

Emma was amazing ? glamorous, classy, gorgeous, fantastic figure, witty, charming, cute, innocent, sexy?.. imagine everything you want in a young lady and you begin to understand what I mean. Then tripe it and you get Emma.

I was captivated. At last an escort who had every quality you want in a woman and more?.. she is so innocent and sweet.

Let me be honest chaps:

If you want a Porn Star Experience look elsewhere.

If the most important thing in seeing an escort is sex look elsewhere.

If you want the escort experience as it should be (if you don't understand that comment then look elsewhere), then Emma is the one!!!

Yes, I was impressed?. Impressed to do something I haven't done before?. Extended to an overnight.

This lady is perhaps in my opinion the best escort I have ever seen?.if I ever meet someone better I expect to be the only man ever to return from heaven.

I have already told Emma that she should change her name to Mary .... Mary Poppins?..practically perfect in every way.
