The Premises:

A very pleasant discreet detached house on an upmarket development with parking in the drive way. Do not worry about your car.

The Lady:

Very sl;im and attractive with small pert tits. She met me in a short red dress which did not leave a lot to the imagination

The Story:

Jan greeted me in the hall with a long passionate kiss whilst my hands explored her body, then she led me upstairs. What a view shaven with no knickers she didnt even make the bedroom before I was licking away between her legs. When we got to the bedroom I removed her dress and lay her back on the bed to continue with my oral pleasure. then i removed her bra and gazed at her naked body. Then it was Jans turn to give me oral then some sixtynine then more kissing then I entered her with her on top. Then more oral 2 ways more kising before I came in her mouth. Then a long cuddle before a shower and a final grope to see me on my way. Gents if you miss this more fool you this lady really gets turned on and enjoys her work. Thank you Jan.
