### The Story:

Just have to say thanks as this was my first party and the girls made me very welcome they are all beautiful and I felt spilit for choice! Coming in when the girls were in full swing I caught the end of the girl on girl action and was instantly jumped on by Claudia before I had even got to sip my drink. She is very nice and I loved licking her pussy.

Also have to say it was Felicitities first party and she loved it,watching her get her first anal was amazing she is very sweet and just loves sex,I took her upstairs in my second hour and she rode me like she was possessed,I hope to see her one on one another time. She is a nice french kisser. Then there is Sable, the reason why I came to the party! And so worth it she is stunning and I really enjoyed fucking her tight pussy upstairs on our own. Then Melinda came in and started to help out but by this stage the afternoons events had started to wear me out and I am not getting any younger! Wish I had started a few years earlier.

Just want to say that I had a great time and will be back for more as soon as I can. Thanks for the great hospitality
