Mature lady. Not exactly the slim type!

The Story:

Went for soap sud + lapdance. Initial massage was very bland, poor - clearly no training in massage. But i suppose that's expected for a massage parlour.

Lapdance was complete opposite of erotic. She just stood there, barely moving for 2 songs.

Soapsud massage itself is a relatively original experience by UK standards ... and potentially very good. But it was carried out in a rather inhibited manner.

Furthermore very little body to body contact throughout session. Kissing was extra, as was breast relief. And her breath smelt of cigarettes. Very off-putting.
