The Premises:

Some of the facilities are in need of attention, in particular some of the lockers and showers. The Spa bath was cold but I was assured that was because another client had turned the thermostat down. Thanks, whoever you are! Otherwise VH was as pleasant as usual. The Aqua room in the basement is something else. Those of us 6ft or taller have to watch our heads on the low ceiling but it is great fun there.

The Lady:

Brooke is charming. It was only her third shift and her name and photo isn't even on the website yet. She's about 5ft 6in tall with a good figure, even if she isn't the slimmest of ladies. She gave me one of the best massages I've ever had. It took place on the couch which she'd moved so it was under the shower. The combination of a cascade of water and Brooke's expert hands delving deep into the crack of my bum and then underneath onto my balls and cock was intoxicating. After giving her a massage in a variety of positions we finished with hand relief.

The Story:

For just ?60 - and ?15 entrance - VH continues to be one of the best massage parlours I've found for value for money.
