The Premises:

As previously described. Managed to get lucky with on-street parking this time, saved the faff of going in and out of the nearby multi-storey. Nice complementary glass of orange juice from the proprietor.

The Lady:

Ravishing Italian Beauty. Long dark hair, very slim but with nicely full boobs. Small tattoos on arms, no piercings. The kind of girl you lust after when you see them out and about on the continent.

The Story:

I had gone to IM with the intention of seeing another girl, but Francesca was the only girl available - this turned out just fine.

Started with massage then she wanked me to hardness whilst I played with her tits. Kissing was clearly not on the menu. She put a condom on me, and I then went down on her, which she seemed to respond to very positively. Once she was really wet I entered her - she was a lovely fit, and I shagged her until I came, feasting my eyes on the sight of the gorgeous creature beneath me.

We had a nice chat afterwards while getting dressed. Not a "GFE", but a top notch parlour experience nonetheless.
