The Premises:

Honeyz is located on a reasonably quiet road, opposite a park. There's plenty of parking and it's quite safe.

The place itself is a normal terraced house - nothing to draw to attention to what goes on - though the insides could do with a bit of TLC: it's starting to look a bit shabby.

The Lady:

Vivienne was described over the phone as a tall busty blonde from Poland. When I arrived she was certainly busty and blonde (dyed), though tall would be pushing it and she could be from anywhere in eastern Europe.

The Story:

I paid ?40 for 20 minutes and went up to the bedroom. By the time Vivienne arrived I was already undressed. It was fairly clear from the word go that this wasn't going to be a billboard experience. She took off her bra and panties, sat on the bed and said wearily, "you want blow job?" I said yes and she immediately unwrapped a condom, put it on me and started sucking. I was nowhere near hard and not very turned on, but after a while things perked up. Vivienne manoeuvred herself into position for missionary position and guided me in. She moaned in a perfunctory sort of way and gazed off into the distance as I made the best of a bad situation. At no point did she make any effort to appear as if she was in the least bit involved in what was going on.

For her sake and mine I got it over with as quickly as possible. While cleaning up she asked "Good? Bad?" I muttered it was fine, dressed and left as quickly as possible. I doubt I had more than half the time I'd paid for.

I've had some great times at Honeyz and there are some lovely girls there, but this was a huge disappointment. No doubt I'll go back to Honeyz, but it won't be to see Vivienne.
