The Premises:

I got the large old room, which has always been good, not quite as big as it used to be though.

The Lady:

Very attractive slim and curvy black lady with great tits and arse and lovely long legs, as per web site.

I get the impression she's not quite as young as her description, but what does it matter, she's still a young cracker.

The Story:

This girl has great potential, but you do get the impression she's just going through the motions. I realise it's not all fun for the ladies, but some of the other girls manage to enjoy themselves.

It's all a bit scripted and you feel you're chasing the clock.

I probably would see her again purely because she is such a stunning black girl, but the experience could of been so much better.

I don't usually bother leaving mediocre reports, but I feel this girl could do so much better.
