### The Premises:

great place, lots of rooms, very safe with good parking

### The Lady:

very buxom and those tits are very soft, red hair, shaven down below and not as big as the picture make you believe

### The Story:

started suking my knob straight away and I played with them tits. then she turned around and sat on my face whilst continuing to suck away. dual rimming then took place and I explored her arse with my fingers which she absolutely loved. On with the hood but it started to go south, off with hood and more sucking. Could not hold back and she swallowed the lot, licking her lips at the end. Brillint punt, thanks very much.
