The Premises:

Her flat was alright, nothing special, for this price i would expect nothing more.

The Lady:

Quite average girl, quite frankly, another case of photoshopping taken to the max, i'm starting to get quite fed up with these tricks, before the awful experience with Anastasia at Max Angels, now this. I blame more the agency than her. The agency and the photographer are responsible for the pictures, not so much the girl. She's responsible for the service, that was quite lackluster.

The Story:

I should really blame this on myself more than anyone else, as soon I arrived it was quite clear the difference between her and her own pictures, sadly, I decided to stay anyway, the service was rushed, from her part, everything was done without interest and out of boredom, i've left completely pissed. Avoid.
