The Story:

Well from the start it went wrong the buzzer on the door did not work so after trying for 10 minutes rang the agency who said I would be buzzed in which I was not. I rang the agency again eventually was but not after generating the complete suspicions of the porter as well as a dirty look.

Anyway once I got in was greeted by a very attractive women, however she was rather disinterested in me and also did not do any of the services listed on the website (apparently she had told the agency before). To makes thing worse see cut the appointment 1/2 sort taking off the time it took to get in.
