### The Premises:

A very small flat, but quite clean and smart, with good shower and clean towels. About 5 minutes walk from the tube. Smart area.

### The Lady:

Layla is stunning; a beautiful, petite girl with an exotic racial background. She has lovely brown eyes and a bewitching light almond brown skin tone. She is very petite, with a lovely slim waste, smooth and silky skin, a small but shapely bottom, and gorgeous, soft tits of just the right size for her frame. As I said, stunning!

### The Story:

Yes, she's physically stunning, alright, but what really marks Layla out as a fantastic experience is her wonderful personality. She is just lovely; so...feminine! Her English is excellent, and to coin that hackneyed phrase, you really do feel like the only man in the world when you are with her. I would say to get the full benefit of Layla's wondrous charm, you should try hard to pleasure her, too; if you do, her responses should transport you to another world. I am not going to give too much away - that is a memory for me to cherish - but I will say she does all the what I consider to be the basic essentials - FK and OWO - very nicely for the clean and discerning gent. Layla is no dummy, and is very much in control of her life. I was genuinely amused by her witty and interesting anecdotes after we had finished as I was coming down, and she has intelligent and realistic plans for her future; if anyone deserves to get what they want out of life, she does. Gentlemen, you should be able to tell from reading this that Layla is quite a special lady. Enjoy her experience, but - and I hate to be patronising, fellow punters - please treat her with the greatest respect. Never did I say that more sincerely.
