### The Premises:

Well-known establishment with a good reputation. See the many other FRs.

### The Lady:

I confirm that, in my opinion, the WFB website has given an accurate description of the lady. Perhaps she is just slightly larger than the size 8 advertised, and I would guess that she is actually size 10. But still a nice figure.

### The Story:

A friendly girl, very relaxed, warm, and wonderfully cuddly. Ideal for the man who, like me, values a friendly and relaxed GFE.

She is a lovely girl, and I would definitely return. I would, however, like to give Charlotte a friendly piece of advice (in return for her excellent service). Stop calling the customer "darling" all the time. This particular customer, (and most other customers too, I suspect) would prefer to be addressed by his christian name. The over-use of "darling" in a tone of voice that only a WG would use, makes her sound hard and impersonal. This has a strange effect on me, because Charlotte is in all other respects a genuine softie (in the nicest sense of the word). I like WGs who are genuine softies, and do not care much for the hard and impersonal ones.

I hope Charlotte will see this minor criticism as well-meant and helpful. It should not detract the reader's attention from the fact that Charlotte is a lovely girl who provides a first-rate GFE service.
