### The Premises:

I arrived slightly early but this was not a problem for Victoria. the House was easy to find in a nice area and quiet neighbourhood. It was easy to park in the street near to Victoria's house and I was quite happy about leaving the car and I felt quite relaxed in the area.

### The Lady:

This was my first visit to Victoria so I was very much going on her own description which is only accurate in that she describes herself as voluptuous which she is but she is much better in the flesh than her photographs might suggest. She is a very good looking woman with a great personality . She put me at ease the moment I walked in the door. She has a wicked laugh and always has a twinkle in her eye. Did I say she had great boobs and really firm Bottom !!! But the most captivating thing about Victoria is her eyes which seem never to leave you unless of course she has her back to you !!

### The Story:

This was one of the most memorable encounters I have ever had from the moment I walked in the door.

We sat on the couch and within less than a minute we were kissing passionately (did I mention Victoria is great Kisser - she has lovely soft lips and long tongue which she uses with great expertise not only when it's in your mouth but elsewhere as well.) She then sat astride me once we re-arranged the cushions on the couch this made it easy for me to unwrap her dress to have easier access to her boobs which were bursting out of her top. We played around on the couch for a few more minutes until Victoria suggested going upstairs.

Following Victoria upstairs watching her bottom as I looked up was a sight to behold and really started my blood racing . Once in the bedroom we fully undressed each other and I had a sharp in take of breath when I saw her fully naked.

What followed was ninety minutes of the most amazing sex I have had in years. This was a real experience which I hope to repeat many times again. Victoria's oral skill has to be felt and seen to be believed. She is the best I have ever experienced - enhanced by very skillful use of her tongue and all the while looking up at you with a twinkle in her eye. There is a particular trick which I enjoyed showing Victoria and which I know she liked also, unfortunately I could only hear her pleasure because I couldn't see her face.

I have only two regrets about my visit, one - that due to prior arrangements I couldn't stay longer, and two,- that because Victoria is soo good at everything she does I was just too knackered to do

lots of other things which I know we bith would have enjoyed .  
I will be back many times as long as I can afford it.  
Thanks Victoria .XXXX PS enjoyed your trick with the ice !!
