### The Premises:

Central hotel that I was in and it was very smart I have to say.

### The Lady:

Tall good looking blonde with a lovely figure

### The Story:

Once she had arrived and made herself at home had accepted a glass of vino things thawweed nicely.

She lenyt herself to gettings things going by giving my cock some attention and a wonderful sucking.

Time was marching past so on with a condom and shagged my way to oblivion - well so it seemed.

All really good fun with a girl who really got into it onceshe had settled.

Good value evn at 300 as she is veru pretty indeed.
