### The Story:

I have been punting for 40 years and I can truly say this was the best, and by a long way. My needs are quite specific and require firm but loving application. Jan agreed to a roleplay on the phone the day before and we started from the moment she opened the door to me. What followed was an hour of pain and delicious pleasure with Jan doing everything she could for me. She is amazing !!!  
Thank you so much Jan
