The Premises:

I have been to this establishment a few times over the last couple of months, and it is up there with the best of the parlours around, very clean, excellent lounge area where there is the girls information in a nice booklet which includes pictures of girls that are not working, I suppose to tempt me back again ;), you can see that this is 1 of the top parlours in Sheffield and has only recently been revamped to a very high standard.

The Lady:

Katy is 1 of the most beautiful working girls I have seen, she is a size 8 figure and stands about 5 foot, her pictures on the web site do not do her any justice, her toned body made my tongue hang out.

The Story:

We went into a room that had a large flat screen TV on the wall playing a very erotic lesbian porn flick, this obviously was arousing just to start with, her mouth skills were excellent and believe me I am not one for oral particularly but this girl made cum all over, the way she flicked me with her tongue was amazing, after having a 10 minute rest in the jacuzzi, we were at it again but this time it was the full hog, sex in many positions and all I can say is that to see a girl get as wet as she was is proof that this girl likes her job, there was not much Katy would not do and I cannot wait to see her again.

1 quick comment to end on

"YOU MUST SEE THIS GIRL", an experience of a lifetime.
