The Premises:

Mid terrace house in quiet part.

Spotlessly clean and felt very safe.

The Lady:

About 5ft 6in with lovely black hair and a figure to put many a younger woman to shame. It shows that she has regular visits to the gym. A small amount of make up on lips and around eyes, as requested. A real stunner causing me to question my luck yet again on my second visit.

The Story:

Both naked on sexy bed where I enjoyed a long slow massage with attention to everywhere she could lay her hands (and fantastic mams on). On turning over she continued the excitement with oral that left me breathless.

My next treat was a brief spell of face sitting which was an experience that I have not had much of before. Crystal did this superbly and it will feature again in the near future.

We finished the session with mish then doggy. A truly wonderful way to spend an hour with such a beauty in these present miserable days of recession etc.

This is the stuff of dreams and I recommend her to anyone wanting to spend time with a truly attentive and giving lady who is worth every penny.
