The Premises:

This was my first time to IP. Clean flat in central london, ushered into room and offered a cup of juice, maid seemed friendly enough.

The Lady:

Sara is about 5 6. Nice breasts probably 34 c-d, with black hair. Face was fairly nice.

The Story:

Sara entered the room and was polite enough, I wasn't dissatisfied in terms of looks, she had a nice body. The other report by all day and night is clearly wrong, she has no cellulite. However the report by orchid was fairly accurate. A lot of 'don't do this', 'don't touch me there'. I was feeling fairly annoyed, I mean what the hell did I pay for. She kept wiping herself down with baby wipes when I was sucking her breasts, which ruined the momentum. Her dirty talk was average. Something about being in a nightclub while her bf took her from behind. Then on with the condom, the fellatio was fairly good and then she got on type, 'This is twice cum service and it took me a while tbh'. Overall a fair punt, I can understand the negative feedback, Sara seems to think her looks will look for her without putting in the effort. As for her rebuttal comment about being a victim of some sort of hate campaign, she really just needs to work harder.

Service Provider's Rebuttal

Sara writes:

Hello everyone reading this! They just want to make me talk now! I've done too much with expressing myself with these rebuttals! I have nothing further to add apart from your report is completely fake. You are also trying to write false information in the report. 80 is for a come once service, not twice. People reading your report can see how fake you are. You are starting to sound more and more ridiculous. Quote 'She kept wiping herself down with baby wipes when I was sucking her breasts, which ruined the momentum'. Would I really do that? You have not even been in to see me. I know that for a fact. I don't know who you are or why you feel the need to spend your time writing reports on me, but carry on. You are trying to be clever this time, trying to put some good points in the report to make it look kind of genuine, then going for it with your bad points. What

are you going to say next? I'm sure I will soon find out!
