The Premises:

Bit weird....had seen her photos on the web and turned up at the usual place but was told she was at their other place. I then had to follow the receptionist to this new place in my car. But all was fine when I got there - nice, clean discrete.

The Lady:

Gorgeous. Tall, dark haired, slim, early 20's. More dark skinned than in her piccies on website but I like that anyway. Not so good were the tattoo's which I personally don't like on a girl and which I assume had been cleverly air-brushed out.

The Story:

She seemed a little abrupt to start with so I just opted for a BJ. She didn't even offer it uncovered so I assume this isn't something she does. To me, that's a good thing as there's less chance of getting an unexpected something! Managed to get chatting to her as she massaged me and she seemed like a really nice girl. Then down to business and I have to say it was the best paid-for blow job I have ever had. She even wiped the massage oil off my back when we had finished so my wife wouldn't know what I had been up to. I must admit I thought she was a little expensive compared to other ladies and establishments but I would have absolutely no hesitation in going back to see this beautiful Italian lady.
