### The Premises:

Nice house in a decent part of the city - she directed me to a local pub and then talked me to her door. Felt perfectly safe and discreet, as it just looks like an ordinary street.

Waterbed, which was intreresting. Lots of books, and a nice hot tub (which is visible from the road, but it's a main road with fast moving traffic. Great view over the city centre too).

### The Lady:

Busty Bristol girl, maybe Caribbean heritage. Maybe a bit fuller than her photos suggest, and had short eyesight; but as ever, personality wins through. No awkward lulls in the conversation, making me feel at ease; and when we got down to business she was certainly sexy and in her environment.

### The Story:

Get. A. Blowjob. From. This. Girl.

There, I've said it. Paris is experienced, and knows where all the buttons are - nipples, shaft, head, arse, balls; this wasn't mindless cocksucking, she was playing me like a flute!

Many positions later, the fucking was ... ok. While very enthusiastic and into it, unfortunately her proportions made it a bit like doing a large teddy bear. Not much grip on my cock.

Another downside was her scent. It wasn't a perfume that I enjoyed particularly, but of course there was no way to change that and I was more than willing to put up with it for the rest of her!

I would definitely recommend her to anyone looking for a more refined expert than perhaps a parlour could provide, but Paris is a bit of an acquired taste in my opinion.
