The Premises:

The place was clean and bright, well decorated and tidy. The entrance was next to ARC Taxis and one of the drivers was standing outside smoking. I waited until he disappeared before going down the passageway.

The Lady:

Victoria is tall and slim. She has an intensely beautiful face with deep sexy eyes. I saw her photograph on the web site and thought "this is the one for me" Fortunately she was available.

The Story:

This was probably the biggest mistake of my entire career. Victoria is Polish and her English is not all that good so bang went any conversation. Despite her beautiful eyes she hardly looked at me throughout the entire proceedings. She would not let me kiss her face or touch her pussy and she did not like her nipples being touched although I could handle her shapely breasts. When I asked to rub her pussy she said fingers have too much germs. I could not get into the mood at all and we finished with me wanking myself while she rubbed her pussy with her own fingers. I don't know what the other girls are like at this place and I have no intention of going back to find out.
