### The Premises:

Usual Block in Kensington. Same floor and only a few doors away from Sonya of Hot Collection who I had seen the day before (walked past Sonja door and heard the same music playing as she had put on the day before, so I assumed she was "busy" -- lucky guy !

### The Lady:

The pictures are definitely her, although she has a warmer personality than that portrayed by the pictures. She is an out-of-work fitness instructor, so nothing wrong with the body !

### The Story:

I was looking for a PSE lady and had wanted to book Georgina, but she was not available. Jessie was. IF you want to see a lady do the vertical splits right in front of your face, then Jessie is the one. Imagine sitting on a bed, having your girlfriend/wife stand right in front of you and raise her one leg vertically into the air -- naked of course ! DATY in this position is unique !

I was really looking for a PSE lady who would allow me to COF. No luck with Jessie -- CIM was OK, but no COF. Kissing was tongue free, this was not a GFE after all.

Best part of the punt was the BBBJ. It was good and turned into a face-fuck.

Overall, the punt was OK. But a PSE should include a facial, and this one did not. She was keen to see me go as soon as possible, and she was very surprised when I asked to have a shower before I left !

You will have fun if you visit and you will enjoy, but I won't be returning.
