The Story:

As soon as I saw that Savannah was back in London I knew I had to make it my mission to see her. I have followed her career over the last couple of years but never had the funds to see her before she went to America.

I do have to admit that I was nervous as hell before the appointment. As soon as the door opened and she smiled at me I knew I was in for a good time.

Following a shower I moved into the bedroom and I just had to get my hands on her stunning body. Before I knew it my pants were on the floor. After a mind blowing OWO we moved onto the main course which was simply mind blowing.

I?m now looking forward to my next visit?.
