My Hotel so fine

The Lady:

Exactly as per web site very fit duo

The Story:

From the moment they opened a suitcase packed with toys/restraints/lube and outfits ,till the time they left me face down on the bed totally satisfied, I realised was involved in the ultimate duo date.They were both wearing sexy pink lingerie and dirty smiles when they emerged from the bathroom

Ashley is super fit and beautiful, whilst Jazz is slightly taller with a fantastic arse and fuck me eyes Unlike other so called Duo Acts, these two are totally into each other, so whether it was Jazz riding Ashley to a juddering climax with a strap on or Ashley using her tongue to induce screaming delight from Jazz, it was magic.

They also took care of me to the extent that I came a record [for me] three times , and the sight of both of them kneeling on the bed whilst I fucked them in turn will be a happy thought for years to come.

Loved them both and would definitely return
