The Premises:

Works from her own flat. You can't park on the main road and have to find a space in a side street nearby. Would advise to leave a few extra minutes to park and find her place if its your first visit. Make sure you ring the right bell, there's a few at the entrance and another door adjacent with yet more.

Had Rhianna playing on her stereo- 'Good Girl Gone Bad' quite apt really. This girl is a class act.

The Lady:

Perfect young english blond with the most beautifull blue eyes. A great body too, in fact pretty perfect alround.

I had tried on several occassions (and twice since) to arrange to see Scarlett but she's in real demand. Having been lucky enough to fix something up just once I can fully appreciate why- she's hot totty!

The Story:

Her bed had collapsed at one end and so it was a little difficult to maintain certain positions. Said one of her 'larger clients' had got a bit to energetic and it snapped!

That didn't spoil things at all though. A real GFE- she was very, very sexy and seemed to get real enjoyment from my appreciations. I noticed she hadn't used any lube and after a while had got really wet. I mentioned this to her and she checked. Laughing and raising her eyebrow at me she gave me the look that said I'd been a good boy and she was also enjoying it.

There was no rush to get me finished and out of the door. The sex was well paced and she knew how to make a man get maximum enjoyment then finish off just in the nick of time for the next punter to be arriving.

She is pure class this girl.... now I just need to try & get to see her again!
