### The Story:

booked a 20 minute session,complete waste of time.clock watching throughout.got 5mins into the session and goes u got 5 minutes left.was looking for a gfe which was not forthcoming.about as worse as it gets.in my opinion typical like a lot of british asian girls unless they feel they are the ones in control and power and dictating the orders they dont want to know. avoid like the plague.

### Service Provider's Rebuttal

Priyanka writes:

This report is totally fake. I'm not going to start going on about 'oh why would someone do that to me?' as I know what kind of people are out there. AS IF I would say you had five minutes to go when you are five minutes into the service! We don't do ten minutes services at Indian Palace!

I'm not sure what you call 'clockwatching' as I do need to look at the clock during a service to check the time.

I don't make anyone feel uncomfortable or rushed or that I am just concerned about the time. But if you have booked just twenty minutes with me, I do need to make you finish within that time. No gfe? I believe I give a very friendly sensual service. I'm not sure what you mean. But we don't do any unprotected services at Indian Palace. This must have been explained to you when you called up.

Two of my regulars commented and laughed about this report when they came in to see me Saturday. And someone that booked me for an hour actually extended for another hour.

The only thing I would agree on that you commented about is my figure. I am on the slim side and I am trying to put more weight on, but lots of people love my figure and say I am 'lovely and slim',

exactly what they were looking for. My figure is the way it is and I can't change it.

Have a nice day moneys316.
