The Story:

Estimated date above. I have visited bel several times now, I have now felt compelled to share my enthusiasm for her. She plays a sub role well and has a very strong pain threshold. She has put me intouch with a darker side to my nature that even in later life is surprising and i thought id done the lot!

I have given her the belt, slipper, and hand (but not a cane) all of which she takes with good grace, she apologises well for being a waste of space!

WE enjoyed oral and reverse oral, anal and exquisite rimming together with me fisting her when she came with a gush and had to be punished for enjoying herself without my permission, finishing of with a BBBJ complete with CIM which she swallowed with gusto.

My only negative is that she talks too much!

Well worth a visit if you want this sort of thing.
