The Premises:

Busy main road near Heathrow.

Shops opposite make this not as discreet as I would like.

Maids are very chatty and hospitable.

Rooms are well decored and sweets are always on offer.

The Lady:

Dark haired sex kitten with a level of service that is top notch.

She looks beatiful and always has a naughty glint in her eye.

She always has a smile on her face and most importantly she enjoys what she does and makes you feel at ease the moment she walks in.

She has a classy look about her and her huge boobs and great bod makes you think you'd died and gone to heaven.

The Story:

I was going to the mens and bumped into her in the hall. She was naked and gave me a cheeky smile and my mind was made up by the time my eyes got down to her hips.

She walked in for the 1st time and starts talking like she's known you all her life.

If her Oral was a car it would be a Ferrari. This womans oral makes you glad you were born a man.

Her tongue action is legendary!

Sadly though Sex was not up to the same standard as her fake panting is definatly off putting.

Overall a great experience with a great looking woman.

Marks out of 10. Oral-9. Sex-6 Friendliness-9. Overall-8
