The Premises:

This is a newish parlour in Leicester. Cant tell it is a parlour from the outside, believe it is a converted shop with the windows blocked out with paper.

Bedrooms have been installed but with pretty thin walls as I could hear the guy in the next room chatting.

Clean enough. But the bed was a bit basic with a thin mattress.

The Lady:

Two girls offered. I chose Sindy (think that was a bad move).

She is petite, size 6, 5'2"ish, size B breasts. Pretty enough.

The Story:

Started with a thai massage - nothing like I have had before, it was a bit of a half attempt at massage, during which we had a bit of a chat and she seemed really friendly. I should have spotted the warning signs, but she seemed nice so I continued.

I was asked if I wanted extras and went for the full personal. Bit of a fast attempt of OW, it was clear she was not a fan so she quickly got on top of me. At this point she hardly moved up and down or put any effort in. I was worried I might lose my erection at this point. I tried to encourage her a little more by lifting her up and down. But still not much better.

I suggested I go on top. So she got off my but as she did she reached for some paper towels and wiped my dick and her fanny carefully which made me think she was on her period.

I got on top of her and started with sex at which point she turned her head to one side and screwed her eyes shut. I asked if she was OK? Was I hurting her? She said it was OK carry on just cum quick!! I tried to kiss her but she wanted none of it. It was really clear she was not enjoying this so I got off her. She was then concerned that "what you no like me" "you not find me sexy" I said it was me, not to worry so she said she would finish me by hand. I said not to worry I would just go. But she seemed to get concerned she would be in trouble, I was then concerned if she had a bad pimp who would take it out of her if I left early so I let her try to finish me off by hand but with enough baby oil to drown in.

Needless to say that my mind was all over the place and not much happened. So I took a longish shower to help pass a few more minutes away.

I then left with out saying much, and neither did she.

I have to say this is one of the worst punts I have had in a long time and wont be hurrying back to this place. I had more pleasure out of my post punt kebab than I did with this girl, which is disappointing to say!

One to avoid.
