The Premises:

Clean, well decorated and spacious house on a fairly quiet street. Pretty inconspicuous.

The Lady:

3 ladies working: Emma-Louise - English mid 20's with a nice body and a good pair of tits; Lynne - English mid 40's, voluptuous with a lovely pair of tits; and I'm not sure the name of the final lady, but she was Brazilian mid 30's with a very sexy curvacious figure.

The Story:

This party is much more of a swinger's style party than the others that I've been to; the atmosphere is genuinely friendly, between the girls and the punters and between the punters themselves, and I got the impression that Pam actually thinks of her punters as real people rather than just a source of money. So you do get to see a little slice of the swinging lifestyle. However, going with that I think the ethos of the party is more geared towards employing women who swing and enjoy it rather than hot girls who don't really want to do the sex, but who like the money. That means that the ladies are not what you would get with a normal punt.

So if you are the kind of person who wants to have a couple of hours of non-stop hard fucking with hot girls then this party might not be right, but if you want to have a few relaxed shags in a friendly environment then this is that kind of party. (personally I'm more of the first type, that's why I probably wouldn't go again)
