Profile Name: Dollymopp...A Real Lover Experience

Website: <http://www.dollymoppsboudoir.com>

Phone: 07904172001

The Premises:

Safe and secure area within a few minutes walk of Borough tube station.

I phoned Dolly from the station and she gave me the straightforward directions. As I neared her flat she came out to greet me. She was instantly recognizable from the photos on her site. The flat itself is decorated in Dolly's unique and quirky style - it has a distinct French feel to it.

The Lady:

As per the website: gorgeous. She certainly doesn't look 40 - more like early 30's. The photos on the site are real - no Photoshopping involved.

The Story:

This was a great experience. Dolly is a clever, sassy and funny lady and we spent some time getting to know each other. All the while, she fed me strawberries and orange juice. At the appropriate time she announced it was time to seduce me and she proceeded to do so in the most exquisite way.

She was dressed in a dark floral dress and underneath she wore a black bra and knickers with black thigh high nylons. I eagerly removed all these to reveal her beautiful naked body. She reclined back on the pillows of her bed and she reminded me of Goya's "Naked Maja". And while I have often gazed at that painting and fantasised what it might be like to spend a couple of hours with her, here I was fulfilling the dream.

The sex was stupendous. She is a wonderful lover and she made me experience sensations I have never had before. When it was over we lay back in one another's arms and chatted some more. There was no suggestion of "time up" - that is not Dolly's style at all - and I was there for well over the two hours. I would have been there longer except for an appointment I had to keep.

Sometimes there is a gulf between the image created by a website and the reality on the ground. Not here. Dolly delivers what she says on the tin, so to speak, and then some. She is a wonderful lady and someone that I hope I will have the privilege of visiting again. Highly recommended to

anyone who appreciates intelligent and humorous women and who likes taking the time to get to know, in some small way at least, the whole person. Thank you Dolly!
