The Story:

Alex is a true PSE pro. After I emerged from the shower she was straight on her knees and took my full length down her throat on the second thrust (I am almost 9 inches and thick so this is no mean feat!). Voracious ball-sucking and rimming followed then back to pulsating "wet" deep throat. How I managed not to cum quickly is a mystery.

It was all a bit of a sex mad blur mixed in with filthy talk from both of us. She demanded, and received, a vigorous fucking in all positions. Then, back on her knees for deep throat and face-fucking (at this point I am feeling dizzy!) and then, after her begging to taste my cum, I unloaded, mostly in her mouth but a squirt or two on her face. She savoured this in pure porn style and swallowed.

After a few minutes rest she started again but I was spent. There was no anal offered but nor did I ask.

Alex is top of her game and just a great girl too. My best PSE to date.
