The Premises:

Her own flat, a basement studio about 5 minutes walk from Gloucester Road tube. It looks neat and tidy yet lived in, the sort of place that makes me feel at home. Several other WGs have flats in the same building.

The Lady:

I didn't know what to expect when I turned up. She appears as Selina, Serina or Serena in various agencies. They all have the same pictures, but in some she is said to be 26 years old, in others she is 21, in some she is said to be 5ft7 or 5ft8, in others she is 5ft4. In fact she told me she is 27 years old and 5ft3 (but maybe 5ft7 in heels) and anything else is a fabrication by the agency concerned. Why do agencies constantly understate girls' ages like this? It's just stupid! If I had actually believed she was only 21 I wouldn't have booked her, as I'd have considered her too young for me.

Her skin is a golden brown, rather darker than a Mediterranean tan, and her pussy is soft, smooth and completely hairless. She has a quite unusual and rather striking face, derived from her mixed-race ancestry, which does not come over properly in the pictures, although it is obviously the same girl. Another thing that does not come over is how extremely fit and toned she is. Anybody wanting 'womanly curves' (i.e. a thick coating of fat) should look elsewhere, and so should those breast men who prefer boobs to be like footballs or cows' udders. On the other hand for a leg man (like me) or someone who likes an athletic build with smallish, firm breasts (me again) she could be ideal.

The Story:

The reason for the long gap since my first two FRs is that I decided not to post any more unless an experience was exceptionally good or exceptionally horrid. I am writing again because this one was exceptionally good.

Serena already has quite a number of reviews on agency websites and on Captain 69, but this seems to be her first on Punternet. The agency reviews suggest that she is particularly good at the

more energetic sexual activities, and she certainly has the body for it. However, I am in my sixties and prefer a leisurely GFE with kissing, OWO and CIM. At this she was perfect, and really made me feel that I was 27 again. I particularly appreciated the fact that she initiated the kissing herself despite the age difference between us: not deep, but with tongue, and she kissed as if she really meant it. Maybe it was because I am such a nice guy!

The other part of the escort experience that I value is the relationship. Here we just clicked. To some extent this is because we found a lot of common interests (personal development, psychology, the arts). However, I think she has the sort of honesty and openness that could relate to a lot of people.

I have now seen Serena twice, through different agencies, and I probably won't be posting any further reviews for some time, as I expect to make her my 'regular' from now on.
