The Premises:

Nice small flat in a modern apartment building. It was definately sufficient for our purpose. Pat, the manager of 00-44 gave me complete directions since this was my first time to London.

The Lady:

Laura is a young, buxom lady with a pleasant and pleasing personality. I thought she was shorter than her pictures, but I was pleased when she was standing, she'd look straight into my eyes. She was more beautiful than her pictures on the website. She's from Eastern Europe and I was concerned about all that I've read about girls from there. Laura wasn't anything to worry about.

The Story:

I found the apartment building and room without problem. She greeted me and we talked getting to know each other. We started off with DFK and removed our clothing. Caressing and kissing was so much fun, I almost forgot to move on. She provided BBBJ and covered sex in any position I requested.

While her English had slight gaps of knowledge, she was able to joke with me about it. (I started thinking and talking in Spanish and confused her. My error.) She always had a pretty smile to accompany her soft touch. She was always wanting and willing to please. I wanted to take her home to the US. If I was younger, I'd be back in London visiting her now. Everything we did was at a natural pace since she isn't a clock watcher. She's near the top of my list of all time favorites.
