The Premises:

place was ok - shaed flat with another girl (becky) on various sites. area is safe near earls court.

The Lady:

very slim - slimmer than photos - i would say size 6. the pics are a little misleading as she does have acne. burt if u like petite slim orientals then she is fine

The Story:

well - no hug or kiss on entry which i normally get frm other WG. she told me she does kiss at all - that annoyed me a little but i just wanted to get my hands on her body. she seemed a little cold towards me and i had to always make the first move. had my shower which i had to work out myself. anyway back in the room and started to get things moving - kissed and her all over - skin is very smooth soft and was great to feel. not much reaction from her and then she just seemed a little mechanical to me. anyway OWO was ok then some anal - she was tight - and after a while actually felt uncomfortable to me so off with the jonny and told her to suk me off til i shot my load. she went off to spit out and brush teeth which is fair enuf. i cleaned up myself. after a few mins i was ready for round two so told her to ride me which was quite poor so i just got on top and pumped until i shot round two. again not much involmnet frm her.

overall i would say she was good looking and u think u will be in for good time but she does seem to get involved much and thats dissapointing - if she wants more regualrs then she really gotta perform better. i would recommend for body which i enjoyed.
