### The Premises:

Her very clean, pleasant and safe place in MK.

### The Lady:

As per her site. Slim, around 4'11", just-below-shoulder length dark hair, attractive.

### The Story:

We arrived at her place (she had picked me up from the station) and she showed me in and upstairs. Once in the room she asked me how I would like to begin, and knowing she had trained as a masseuse I opted for a wonderful massage. We then moved onto a body2body massage which is a huge turnon I must say. By the time she had finished I was more than ready for action. The rest of our time consisted of OWO, RO, sex in various positions (including an act she referred to as the Helicopter) and lots of kissing. Bonnie really is a first class GFE and I would not hesitate to recommend or see her again.
