The Story:

This was the Second time i sampled the delights of Karen, and she had remembered me from the first time i saw her a couple of months back,

Started off with a small chat then a body to body back massage, then both of us were kneeling on the bed as i began to suck on her lovely pair of tits while she gave me a hand job till i was hard, i asked her if i could give her clit a lick which she said of course, wrapped up my cock first, and let me lick her pierced clit and finger fuck her cunt, which from her body movements told me she really enjoyed it, then told me to get inside her, which i did missionary was all i really got to with her as i shot my load fairly quickly but she is very active and her legs locking arround you and tightly
