The Lady:

Seven lovely young women of assorted ethnic backgrounds, all in their 20s and all very pretty and very horny.

The Story:

I really don't know what to say about this. I have never had a group sex experience before and was unsure how I would react. At the outset Lady Marmalade made us men feel comfortable while making no bones about what we were there for. "Be sure to wash your cocks, they are going to be in the girls' mouths." Most of the afternoon was a blur to me. I believe I fucked and was sucked by at least 6 of the 7 girls. A lovely south Asian girl did escape me but I enjoyed watching her getting shagged by several of the men there. For a while two sisters from Brazil worked me together. One sat on my face while the other sucked my cock. I think I shot my load at some time during the proceeding in one young lady's mouth but I forget who's. Alas I am only good for one shot a day at my age but I kept me erection and continued fucking and sucking. The most surprising aspect of the whole thing is once started I had no self consciousness at all about fucking in front of other people. Of course they were fucking and sucking themselves. A great experience, made a number of new friends, and I probably will do it again given a chance! Thank you Lady Marmalade!
