The Premises:

Good studio apartment right by the station. It was on the lower level and felt a little exposed going in, specially with some dude doing his laundry right by the entrance. She left her TV on and her washing machine was running. Good comfortable bed.

The Lady:

Pictures on site accurate. Her body is firm and toned and she had wonderful breasts and soft skin. Her face seemed a little airbrushed but still very attractive. Killer body.

The Story:

This was hard to rate. She did talk a little too much and seem to ask very probing, personal questions : 'what do you do', 'how old are you', 'do you have a girlfriend'

Didn't do that much DFK as I could taste her dinner, and she wasn't too fresh down under. Gave good OWO and proceeded with cowgirl and doggy. But she then stopped and just seem to be completely uninterested before I could come.

Talked a bit and initiated second round. She got on top and things escalated to probably the hottest dirtiest sex I had with a WG. But then she turned it off and kinda withdrew again before I could come.

She's hot and will yell dirty things to you in French in the heat of passion. But then she'll turn it off like a switch. Strange experience for me, definitively not conventional.
